

2015 GOERT Colloquium

GOERT is partnering with the University of Victoria's Restoration of Natural Systems Program to hold its 11th colloquium on Friday, November 20th at UVic. Join us for "Blank Slate Restoration."

We'll present the latest research and projects on establishing Garry Oak meadow species on sites with lawns or bare ground and re-establishing extirpated GOE populations.

Please join us:

Friday, November 20, 2015 from 9am - 4pm!

As always, the GOERT Colloquium will bring together those who are planning or conducting research and restoration projects relevant to Garry oak ecosystems. Presenters will give brief descriptions of their studies and results to prompt discussion and to encourage coordination among groups.

Friday November 20, 2015, 9am - 4pm
University of Victoria, Cadboro Commons

To register, send your name & address to: assistant@goert.ca
